ABOUT US

Empire Creations is a company specializing in construction, excavation, and concrete works.

It was founded in Cairo in 2003 by owners Eng. *Mostafa Mohsen* & Eng. *Haythm Mohsen*.

The company provides excavation, concrete, and construction works, engineering consulting services, interior and exterior design, and interior consultancy services. Additionally, it offers comprehensive MEP (Mechanical, Electrical, and Plumbing) works, HVAC (Heating, Ventilation, and Air Conditioning) services, firefighting works, and electrical works.

We also engage in furniture manufacturing and turnkey installations for various types of projects, including those in the corporate and housing sectors, both public and private.

Our practice creates a unique and distinctive identity for each project, specializing in designing, planning, and implementing turnkey interiors for houses, apartments, fashion shops, offices, restaurants, and other retail units.

OUR mission and vision

To consistently deliver eco-friendly world-class finishes in our interior design concepts execute and complete all projects in such a way as to create an ambiance that will echo the desires of our client's hearts and bring to life their lifestyle in harmony with nature.

The background of the entire image is a photograph of an industrial facility, likely a refinery or chemical plant. It features a complex network of large, white, insulated pipes supported by blue metal scaffolding. The sky in the background is a deep blue with long, horizontal white streaks, suggesting a long-exposure shot of clouds or a time-lapse effect. The overall color palette is dominated by blues and whites, giving it a clean, technical feel.
